

userInput::handleKeyPress

```
graph LR; A[userInput::handleKeyPress] --> B[physics::checkHit]; B --> C[physics::distFromCentrum];
```

The diagram illustrates a sequence of three function calls. The first call, 'userInput::handleKeyPress', is enclosed in a red rectangular border. A dark blue arrow points from this box to the second box, 'physics::checkHit', which has a black border. Another dark blue arrow points from the second box to the third box, 'physics::distFromCentrum', which has a black border and a light gray fill. The boxes are arranged horizontally from left to right.

physics::checkHit

physics::distFromCentrum
