

setupSound

```
graph LR; A[setupSound] --> B[sounds::setupSound]; B --> C[sf::SoundBuffer::loadFromFile];
```

A flowchart illustrating a sequence of function calls. It consists of three rectangular boxes connected by arrows. The first box, labeled 'setupSound', has a red border. A dark blue arrow points from its right side to the second box, labeled 'sounds::setupSound', which has a black border. Another dark blue arrow points from the right side of the second box to the third box, labeled 'sf::SoundBuffer::loadFromFile', which has a gray fill and a black border.

sounds::setupSound

sf::SoundBuffer::loadFromFile
